Dear Coach:

Please find enclosed a coaching staff application form for the 2012 High Performance Program.

All of the positions provide a valuable development opportunity for Newfoundland & Labrador coaches. If you are looking for an opportunity to work with high-level hockey players while at the same time, working with and learning from very accomplished and respected hockey coaches, you should think about getting involved in the High Performance Program. This is a unique opportunity for you to get involved and have a very rewarding and worthwhile hockey experience.

The High Performance Program is also the vehicle used to prepare and identify players and coaches for the Canada Winter Games. Successful candidates for the 2012 program will be the candidates who will be initially considered for the 2015 Canada Winter Games coaching staff. If you have an interest in that program, we encourage you to apply now for our HPP teams.

Also, Hockey Newfoundland and Labrador is currently working with the Finish Ice Hockey Federation on a possible High Performance Program Coach Exchange program, where we will identify a HPP coach to travel to Finland to learn and experience their coaching programs. This would be a real good experience for our coach.

There is also a change in the Under 16 and Under 17 program. Successful coaches to our 2012 Under 16 program will now be expected to work with our team to prepare them for a competition against the other three Atlantic Branches and two teams in Quebec in the spring of 2013. The event will be managed in cooperation with the Quebec Major Junior Hockey League and will be used to identify players for the regional Under 17 Hockey Canada program.

You will find enclosed with the application a disclosure form. **Please note that the deadline for receiving applications is February 20, 2012.**

Yours in Hockey,

Craig Tulk  
Executive Director  
Hockey Newfoundland and Labrador
