

IMPORTANT MEMORANDUM

TO: All Hockey NL Senior Teams & Leagues
Senior Council Executive Committee

FROM: Craig Tulk, Executive Director, Hockey NL

DATE: January 7, 2015

RE: **Import Quota**

The following is a reminder to all teams of the import quota.

Hockey Canada Regulation K 27, a team may not exceed, at any time, its quota of imports as provided by Regulation K 26. However, if a team has unused player's allotment it may release an import at any time up to January 10th, to register another import. **After that date an eligible import may only be signed if a team has an import vacancy**, it has an unused player allotment, and if it has not twenty five players on its active list.

In other words, teams who protect the number of imports that reaches their respective quota will not be in a position to release one and sign another up to February 10th even if they become injured or unavailable.

Thank you and if you have any questions or concerns please let me know.

Yours in Hockey,

A handwritten signature in black ink, appearing to read "Craig Tulk", is written over a light grey rectangular background.

Craig Tulk,
Executive Director
Hockey NL
